Call for admission to SHORT INTENSIVE ACADEMIC COURSE (SIAC-2019)

TRANSPARENCY AND LEGALITY OF THE CIVIL SERVANT ACTIVITIES: LEGISLATIVE AND ECONOMIC OUTLINES FROM THE EU-ANTICORRUPTION EXPERIENCES

ART. 1 GENERAL INDICATIONS

The Department of Law of the UNIVERSITY OF STUDIES OF NAPLES "PARthenOPE" announces a public selection based on qualifications for admission to the Short Intensive Academic Course in "Transparency and legality of civil servant activities: legislative and economic outlines from the EU-anticorruption experiences "(henceforth SIAC 2019) to be held from 15th to 26th of July 2019 every Monday to Friday at the Directorate for European Integration of Bosnia and Herzegovina. An analogous session is expected in summer 2020 in Banja Luka and a new call for admission will be launched in spring 2020.

The establishment and activation of the 1st edition of the Summer School - SIAC 2019 - is planned within the project "Stabilization and Integration Policies for the BiH Public Administration system – S.I.P.PA.S." assigned and financed to University of Studies of Naples *Parthenope*, Department of Law, by the European Commission - Delegation of the European Union to Bosnia and Herzegovina, in accordance with Grant Contract n. 2018 / 402-867.

Director of the S.I.P.PA.S. project is Prof. Alberto De Vita, Full Professor of Criminal Law in *Parthenope* University of Naples.

Course Coordinator of the S.I.P.PA.S. Project and SIAC Director is Prof. Fabrizio Rippa, Teaching and Research Fellow of Criminal Law in *Parthenope* University of Naples.

In the framework of the general objective of the Project, namely to support the integration process of Bosnia and Herzegovina in the European Union through the harmonization of the local public system with European principles and policies, the SIAC 2019 has the specific objective of providing to the students an intensive preparation on the main themes that fall within the scientific disciplinary sectors of Legal Sciences and Economic and Statistical Sciences (specifically named in Italian university glossary as Area 12 and Area 13). While attending the course, the students will use the knowledge and skills achieved by their work, improving the levels of efficiency, transparency and cost-effectiveness of the local public service and contribute in spreading the culture of legality.

The participation to SIAC 2019 is free of charge and it will be open for participation up to 20 citizens and civil servants of Bosnia and Herzegovina. Participants must also possess a degree (or an equivalent qualification obtained abroad), which is better specified in the Art. 4 of this announcement. The participants could also receive a contribution to cover travel expenses and accommodation expenses while participating in the training sessions.

The lessons will be held only in English.

ART. 2 PURPOSES AND TRAINING OBJECTIVES

The SIAC 2019 was planned with the specific purpose of allowing up to 20 civil servants of Bosnia and Herzegovina to implement their professional skills by attending an intensive training program designed to provide to its participants a broad-spectrum vision of the principles underlying the policies of implementation of the public administrative system and about the fight against corruption promoted more and more in the European panorama.

The purposes of this intensive training program is, in fact, twofold:

This project is funded by the European Union

University of Studies of Naples "Parthenope"
Department of Law

- Firstly, to match the objectives that, in the medium and long term, the Bosnian public system must aim to advance in its pre-accession path to the European Union.
- Secondly, a comparative exercise on some European experiences related to the reform of public administration and the fight against corruption and the most relevant national policy choices adopted by some Member States.

In this framework, the course will focus on the analysis of the corruptive phenomenon in the international context, in order to understand the reasons that led the European Union to ask the Member States and the countries in "pre-accession" the adoption and the implementation of increasingly stringent and repressive internal policies to combat corruption; and moreover, on the study of some European experiences (with a focus on the Italian one) on the prevention and repression of corruption and illegality in the Public Administration.
